ABOUT CASC

CASC is the first certification credential designed specifically for the ASC industry. The credential is administered by the Board of Ambulatory Surgery Certification (BASC), a non-profit organization. In order to obtain the credential, an individual must meet certain eligibility requirements and achieve a passing score on an examination designed specifically to test the knowledge considered relevant to be an ambulatory surgery center (ASC) Administrator. The credential is available to those without experience as an ASC administrator, if such individuals can document other relevant experience or education to prepare them for this undertaking.

The CASC Certification is valid for three years, so long as the Candidate pays the required annual certification fee and submits the appropriate continuing education. Once a Candidate has passed the CASC examination and been awarded the three year credential, the Certificant must stay current with industry developments. This can be obtained by attending approved educational programs to obtain Administrator Education Units (AEU) on an ongoing basis. Administrator Education Units must be in each of the five content areas covered in the CASC Exam; Delivery of Patient Care, Quality Management, Human Resources, Financial, and Regulatory and Legal Issues.

ABOUT THIS CANDIDATE HANDBOOK

The Candidate Handbook provides information to apply for the CASC Examination, including eligibility requirements, examination policies, the CASC Examination Content Outline, requirements to maintain the Credential, and the examination application form. This handbook should be kept for ongoing reference. Additional copies of this handbook may be obtained from www.aboutcasc.org.

STATEMENT OF NONDISCRIMINATION

BASC does not discriminate against any individual or candidate with respect to age, sexual preference, color, religion, creed, marital status, national origin, race, language, medical conditions or disability. All candidates are considered solely on the basis of their independent ability to meet the eligibility and certification criteria established by the BASC Board and published in the candidate materials. BASC will comply with all applicable federal and state laws with respect to certification. BASC states that all vendors and contractors of BASC will abide by the BASC nondiscrimination policy.

TESTING AGENCY

Applied Measurement Professionals, Inc. (AMP) is the professional testing agency contracted by BASC to assist in the development, administration, scoring, score reporting and analysis of the CASC Examination. AMP is a research and development firm that conducts professional competency assessment research and provides examination services for a number of credentialing programs.

EXAMINATION POLICY AND PROCEDURES

ABOUT THE CASC EXAMINATION

The CASC Examination consists of 200 multiple-choice questions. The examination presents each question with four response alternatives (A, B, C, or D). One of the four answers represents the **best** response for the question. The examination was developed through a combined effort of qualified subject-matter experts and testing professionals, who constructed the examination in accordance with the CASC Examination Content Outline.

You will be permitted four hours to complete this examination. Additional time will not be allowed. There are no scheduled breaks, and you must have permission from a proctor to leave the testing location.

The CASC Examination is designed to test the knowledge of professionals working in the field of ASC management. The CASC Examination Content Outline was defined by a national role delineation and job analysis study (see Appendix A).

The job analysis study involved surveying ASC professionals to identify tasks that are performed routinely and considered important to knowledgeable ASC management.

EXAMINATION DATES AND APPLICATION DEADLINES

The CASC Examination is administered in a computer-based format at a testing location. The CASC Examination is not given via pencil/paper. The CASC Examination dates and application deadlines are located on the CASC website at www.aboutcasc.org.

To apply for the CASC Examination, the application, Appendix B, with the appropriate fee, must be submitted by the application deadline to BASC. Applications received or postmarked after the deadline, or those that are incomplete at the original deadline, will not be eligible to take the exam. The Candidate can transfer the late application to the next administration of the exam or withdraw the application at the applicant's written request. Applicants who fail to complete their application within one year will be deemed to have withdrawn the application. Applications without the proper fee will be returned to the applicant unprocessed.

APPLICATION PROCEDURES

An application to take the CASC Examination must be submitted to BASC in accordance with the application procedures. An applicant must submit: (1) CASC Examination Application Form, (2) calculation of eligibility requirements, (3) two letters of reference, (4) a legible photocopy of your government-issued photo identification and (5) the application fee. BASC may deny any

application for failure to meet the eligibility requirements. Such denials may be appealed in accordance with the appeal procedures discussed in this handbook.

ELIGIBILITY REQUIREMENTS

To be eligible to take the CASC Examination, applicants must submit an application demonstrating they have accumulated 100 eligible points based on experience, education, and/or other activities. The following sections describe how eligibility points can be accumulated.

EDUCATION

The chart below shows the number of eligibility points an applicant can obtain for each degree that has been awarded. For example, an applicant who has a Bachelor's Degree in nursing (25 points) and an MBA (15 points) will receive a total of 40 points. Each degree must be listed separately on the application.

ASSOCIATE'S DEGREE (OTHER THAN NURSING)	5
ASSOCIATE'S DEGREE IN NURSING	15
BACHELOR'S DEGREE (OTHER THAN NURSING)	20
BACHELOR'S DEGREE IN NURSING	25
JURIS DOCTOR	25
NURSING DIPLOMA	20
MASTER'S DEGREE (OTHER THAN THOSE SHOWN BELOW)	10
MASTER'S IN BUSINESS ADMINISTRATION (MBA)	15
MASTER'S IN HEALTH CARE ADMINISTRATION (MHCA)	15
MASTER'S IN HOSPITAL ADMINISTRATION (MHA)	15
MASTER'S DEGREE IN NURSING (MSN)	15
MASTER'S OF PUBLIC HEALTH (MPH)	15
DOCTOR OF PODIATRIC MEDICINE (DPM)	25
DOCTOR OF OPTOMETRY (OD)	25
DOCTOR OF PHILOSOPHY (PHD)	25
MEDICAL DEGREE	30
OTHER MEDICAL CERTIFICATIONS (CST, CBSPD)	10

EXPERIENCE

Applicants receive the number of eligibility points shown for each completed year of paid employment in that particular position.

ASC ADMINISTRATOR	Applicable to positions responsible for the overall management of the ASC regardless of the actual title. For example, some administrators may be called executive director or chief operating officer.	50
ASC MANAGER (OTHER THAN ADMINISTRATOR)	This category is appropriate for any ASC position involving management, except for the administrator or overall manager of the ASC. Examples include director of nursing and business office manager.	30

Candidate Handbook

OTHER ASC EXPERIENCE	These points are applicable to any non-managerial position in an ASC, clinical or non-clinical.	20
OTHER HEALTH CARE EXPERIENCE	Any type of experience in the health care field that is not in an ASC fits in this category, such as a nurse in a physician's office or a hospital lawyer.	15

In determining experience eligibility points, please note:

- Points can be accumulated at different entities. An individual serving a portion of the year as an ASC administrator at one ASC and the remainder of the year at another is entitled to the 50 points for serving one year as an ASC administrator.
- For years in which an applicant held two positions worth different numbers of points, the lowest number of points is accumulated. An individual who serves a portion of the year as an ASC administrator and a portion of the year as director of nursing only receives the points for the director of nursing.
- Eligibility points are only earned for a complete 12 months of service. Partial years do not count toward points. For example, an individual who graduates from a master's in nursing program in May and who has worked six months in an ASC before applying for the examination would not receive any experience points.

COMPUTER LOGIN

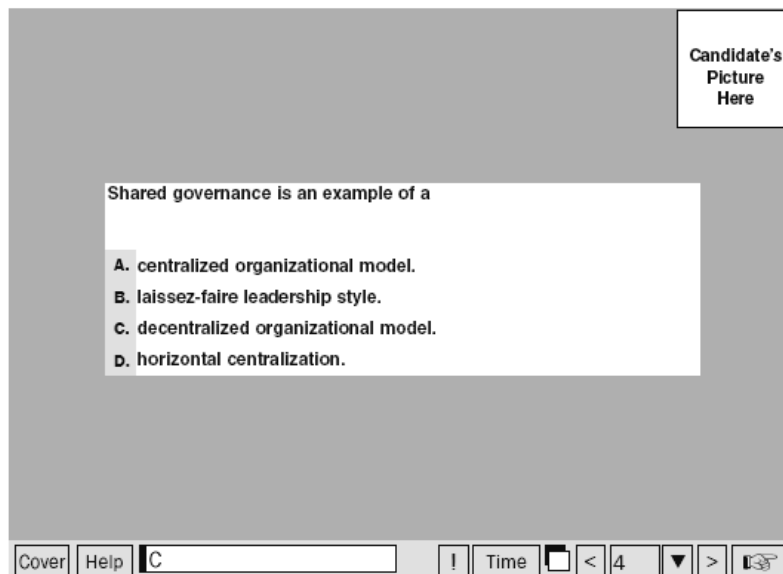

After your identification has been confirmed, you will be directed to a testing carrel. You will be instructed on-screen to enter your identification number. You will take your photograph which will remain on screen throughout your examination session.

EXAMINATION PRACTICE SESSION

Prior to beginning the examination, you will be given the opportunity to practice taking an examination on the computer. This examination practice session consists of five questions not related to the test that will familiarize the candidate with the computer software. The time you use for this examination practice session is NOT counted as part of your examination time or score. When you are comfortable with the computer testing process, you may quit the examination practice session and begin the timed examination.

TIMED EXAMINATION

Following the practice examination, you will begin the timed examination. There are 200 multiple choice questions on the examination. You will have four hours to complete the examination. Before beginning, instructions for taking the examination are provided on-screen.

The computer monitors the time you spend on the examination. The examination will terminate if you exceed the time allowed. You may click on the “Time” box in the lower menu bar on the screen to monitor your time. A digital clock indicates the time remaining for you to complete the examination. The “Time” feature may be turned off during the examination.

Only one examination question is presented at a time. The question number appears in the lower right of the screen. Choices of answers to the examination question are identified as A, B, C or D. You must indicate your choice by either typing in the letter in the response box in the lower left portion of the computer screen or clicking on the option using the mouse. To change your answer, enter a different option typing in the letter in the response box or by clicking on the option using the mouse. You may change your answer as many times as you wish during the examination time limit.

To move to the next question, click on the forward arrow (>) in the lower right portion of the screen. This action will move you forward through the examination question by question. If you wish to review any question(s), click the backward arrow (<) or use the left arrow key to move backward through the examination.

An examination question may be left unanswered for return later in the examination session. Questions may also be bookmarked for later review by clicking in the blank square to the right of the “Time” button.

To identify all unanswered and/or bookmarked questions, click on the hand icon. When the examination is completed, the number of examination questions answered is reported. If not all questions have been answered and there is time remaining, you may return to the examination and answer those questions. Be sure to provide an answer for each examination question before exiting the examination. There is no penalty for guessing.

CANDIDATE COMMENTS

During the examination, comments may be provided for any question by clicking on the button displaying an exclamation point (!) to the left of the “Time” button. This opens a dialogue box where comments may be entered. Comments will be reviewed, but individual responses will not be provided.

POST EXAMINATION SURVEY

Candidates will also have an opportunity to complete a post-examination survey regarding their testing experience.

CONFIDENTIALITY

Individual examination scores are released in writing ONLY to the individual candidate. Results will not be given over the telephone, by facsimile or electronic mail. Questions concerning examination results should be referred to BASC in writing. All information related to the examination, including application material and examination scores is confidential and will not be released unless permitted by the candidate or required by law.

Candidates may contact AMP Candidate Support Center at 1-800-345-6559 for information on requesting a hand score. Requests for hand scoring must be submitted to AMP with a \$25 hand scoring fee within 90 days following the examination in question.

RE-EXAMINATION OPPORTUNITIES

Candidates who do not pass the CASC Examination will be permitted to retake the examination one time within the next two testing periods. The fee for retaking the examination within the next two testing periods is \$375.00. Candidates that fail the second examination (retest) will be required to wait one year before being eligible to take the CASC Examination again. The full test fee rate of \$750.00 will apply to take the third and subsequent examinations.

PRACTICE EXAMINATION

An online CASC Practice Examination is available. BASC created this 80 question Practice Examination using approximately 40 questions from previous versions of the CASC Examination that have been retired. The remaining 40 questions were written specifically for the Practice Examination. The Practice Examination covers questions in each of the five major content areas. The online Practice Examination can be purchased for \$250 at www.aboutcasc.org.

In order to obtain access to the Practice Examination, candidates must download an application located at www.aboutcasc.org and submit the completed application with payment to BASC. If paying by credit card, you can submit to BASC via fax at 703.549.0976 or via email to casc@aboutcasc.org. If paying with a check, make payable to 'BASC' and mail to 1012 Cameron Street, Alexandria, VA 22314. The information provided on the application must be complete, current, and accurate. If questions are left unanswered your application will not be processed. You must read and sign the Disclosure Statement at the end of the application.

Once your application and payment have been accepted and processed, you will receive an email from AMP with details on how to access the CASC Practice Examination. The candidate will have 45 days to access and complete the Practice Examination on line. While the Practice Examination is active, candidates may change their answers as often as they choose, however once the Practice Examination is submitted, answers cannot be changed. Upon completion of the Practice Examination, candidates will only be provided with statistics indicating the number of correct answers in each of the five content areas. Any questions regarding this Practice Examination should be directed to BASC at 703.836.4871 or by email at www.aboutcasc.org.

RECERTIFICATION PROCEDURES

All Certificants are required to obtain at least nine Administrator Education Units (AEUs) in each of the five major content areas for a total of 45 AEUs in a three year recertification cycle. Even though the certificant is only required to electronically submit AEUs once, it is recommended the certificant attempt to obtain and submit 15 AEUs per year.

Certificants may electronically submit their AEUs at any time during the three year recertification cycle; however it is recommended that this be done no less frequently than annually to minimize the chances of not meeting the three year requirements. The certificant must pay the annual fee of \$150 during the renewal period of October 1st - December 31st each year. If the certificant does not pay the annual fee during October 1st- December 31st, they will be assessed a \$75 late penalty with the annual fee. If the certificant does not pay the annual fee plus the late penalty by Feb 28th of the following year, their certification will be revoked.

For certificants who are reaching the end of their three year cycle on December 31st of a specific year, submission of the 45 AEUs, and the payment of the \$150 annual fee, must be entered into the online recertification system by December 31st of that year. Beginning January 1st of the following year, the certificant will be assessed a \$75 late penalty with the annual fee. If the certificant does not submit the 45 AEUs and the annual fee with the late penalty by February 28th of the following year, their certification will be revoked.

RECOGNITION OF CERTIFICATION

Candidates achieving a passing score on the CASC examination will be awarded the CASC credential, including the right to use the designation "CASC" following their name. Specific procedures regarding use of the CASC designation will be provided to successful candidates.

REVOCATION OF CERTIFICATION

UNAPPROVED CONTINUING EDUCATION HOURS

Credit for courses which have not been pre-approved by the Board of Ambulatory Surgery Certification (BASC) may be submitted for approval. The certificant will need to provide certain information relating to the course to BASC via the online recertification system as listed below.
